ADMINISTRATION

Superintendent's Office

East Jay has had "the pleasure of his company" another good year as superintendent. Mr. Loren Betz visited with the student body in the halls and classrooms sharing inspiration and care about students and their educations. Thank you Mr. Betz for your continuing contributions to East Jay's memories.

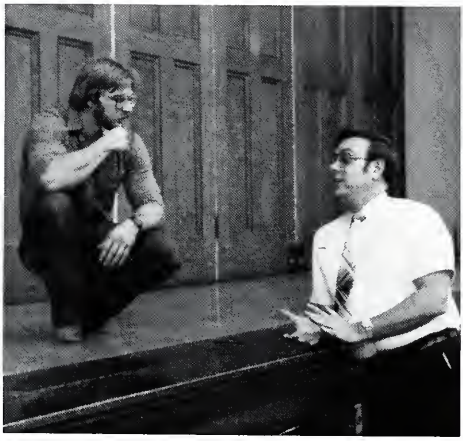
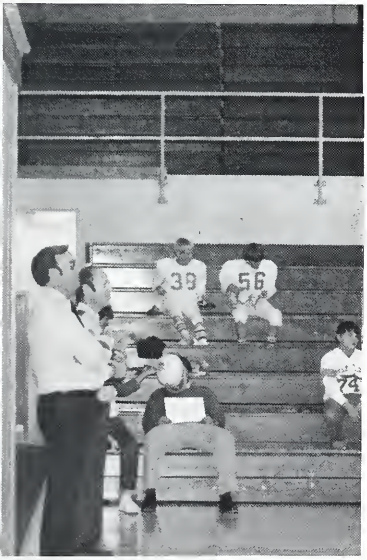
Principal





East Jay's Principal for six years Larry May now has had the pleasure of doing something he really enjoys; watching his first seventh and eighth grade East Jay classes change into mature, young adults graduating from Jay County High.

Not a stranger to the teaching profession, Mr. May taught in the classroom for nine years before taking the administrative plunge and for eight years was a band director.

A Jay County resident, husband, and father of three children Mr. May manages to save some time for his interests which include cars, reading, and jazz, classic, and pop music.

With the multiplicity of problems forever unending to the holder of the title PRINCIPAL we can all say "thanks" to Mr. May for the solutions, the help, and the memories.

Mr. May

Guidance

"One of my favorite parts about being a counselor is seeing students improve and having success in something that has been difficult for them." says Ned Stucky counselor at East Jay for 14 years. Because he enjoyed teaching and working with young people in school, church, and his community Mr. Stucky decided to get his degree in counseling. He has his education from Taylor and Miami Universities and has continued to return to Taylor for twenty five summers where he assists the university with their summer basketball camp.

Here at East Jay one may find Mr. Stucky busy at his desk planning new student orientation materials, assisting students, teachers, and parents in choosing appropriate classes, helping those who need hearing tests, glasses, and have medical problems, and a lot of times just lending an ear or a shoulder to any of us who might have a problem. Thanks from all of us Mr. Stucky.

She finds her pleasures in needlepoint, sports, and music; her treasures in helping students and teachers find answers to challenging questions and finding books that appeal to them. Mrs. Smith expects students "... to respect the rights of other students in the library and observe the rules of the school." A pleasure to oblige, great job Mrs. Smith!

MUSIC

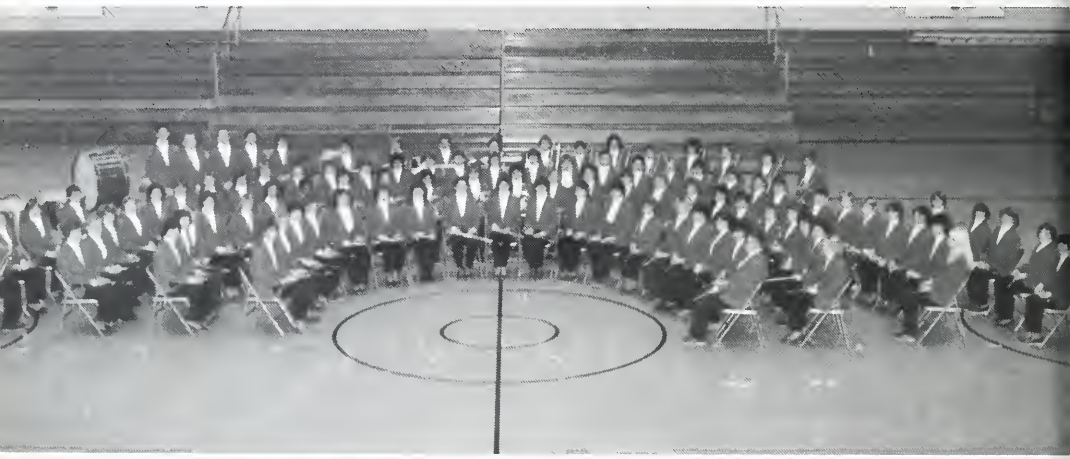
Band

"I love the effect music has on myself and others and by directing band I can bring forth music to everyone's ears almost daily" says band director Scott Spradling. New to East Jay this year Scott graduated from Ball State then accepted a position here in Jay County to direct both high school and junior high band. His hobbies include participation in sports and playing the French horn.

Asked what he expected from a good band member Mr. Spradling said, "I expect a basic willingness to learn." With a better understanding of East Jay's band member's abilities and needs next year improvements might be a better balance in instrumentation, individualization, and creating more interest through quality performances.



Mr. Spradling's response to the question "Do you enjoy your profession and why?" was, "I enjoy it very much! It's neat to watch students who just a few years back began exercising their minds and now are able to adapt those minds to a foreign object in order to create musical sounds."

Exposure of student to music, and a continuum of experience for himself, objectives one would expect to hear.

A professional air, a gentle greeting, an impish grin, a good sense of humor, and a lot of patience all traits admirable and attributed to our own Mr. Spradling. It is a pleasure to include your first year in our 1984 book of memories Scott. "Welcome aboard!"

Swing Choir

"I really love music and I have always loved to dance," is the answer Brenda Berman gave when asked why she decided to direct a swing choir.

Though Mrs. Berman is in her fifth year with the Swing Choir she still finds this facet of her profession both fun and challenging.

Expounding on musical expectations and the future Mrs. Berman said she looks for clear tone, projection, good diction, rhythmic ability, a good ear, and personality in a good singer. She also looks forward to the time when they can have more props, new outfits, and maybe someday adding boys to the group.

Mixed Choir

Dennis Wasson, Mixed Choir director for nine years, says he particularly enjoys this aspect of music. "The ability of the students and their positive attitudes help the choir attain performance goals; this is highly rewarding to me." Mr. Wasson feels that the attributes of a good singer are a good voice, a positive outlook about life and music, and a lot of ambition.

"I would like to see a more uniform appearance in dress standards. We are also beginning a sight-singing theory class within the choir time," responded Mr. Wasson when asked how the Mixed Choir could be improved.

Dawn Klatt enjoys both volleyball and team competition thus one is not surprised to find out that she has been one of East Jay's girl's volleyball coaches on and off for six years. A 7th grade Geography teacher, 8th grade History teacher, wife, and mother of two children Mrs. Klatt received her Bachelors Degree from Marion College and her Masters Degree from Ball State. Mrs. Klatt lists elements she deems necessary in a good player as follows: desire, athletic ability, coachability, and personality.

When asked what they looked for in a good football player these four coaches for the seventh and eighth grade East Jay football teams replied as follows:
Mike Smith: Desire and willingness to play.
Ron Stith: Willingness to learn and take directions; speed and quickness; someone who is not afraid of contact.
Joe Freeman: Desire, quickness, and agility.
Gary Smith: Agressive behavior; willingness to learn; tenacity; mental and physical strength; little fear of contact.
Suggestions for improvements were: Block harder, tackle harder, running to assigned places quicker, more conditioning in the summer months, and no player should have an academic grade below a C- or conduct grade below a B-.

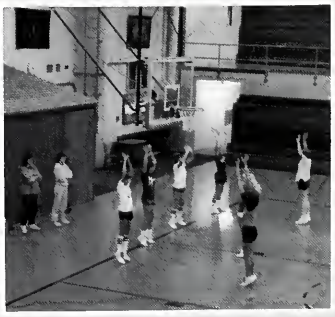
"I enjoy coaching basketball because the girls on the team have a desire to play and therefore they are easy to motivate and work with," says Kelly Moser, eighth grade girls basketball coach. Mrs. Moser looks to find basketball skill and knowledge and also a good attitude with willingness to work hard when screening for a team. Team improvements according to Mrs. Moser could develop through an elementary school girls basketball program and local summer clinics to gain exposure, the fundamentals, and necessary skills.



SEVENTH GRADE

ROW 1: Amy Runion, Lisa Kunk, Missy Bentz, Michelle Page ROW 2: Chris Zvokel, Debbie Minch, Tara Roser, Hope Leonhard, Julie Brown, Coach — Mary Chiddister

When Mary Chiddister was asked "Do you enjoy coaching basketball?" she responded, "Yes, it gives me contact with more students in the school. I enjoy seeing improvements in the team throughout the season. I love to win!" Miss Chiddister looks for intelligence in a which helps them apply the skills that they have acquired and developed. Desire and a good attitude are also quality traits in a player according to Miss Chiddister.

EIGHTH GRADE

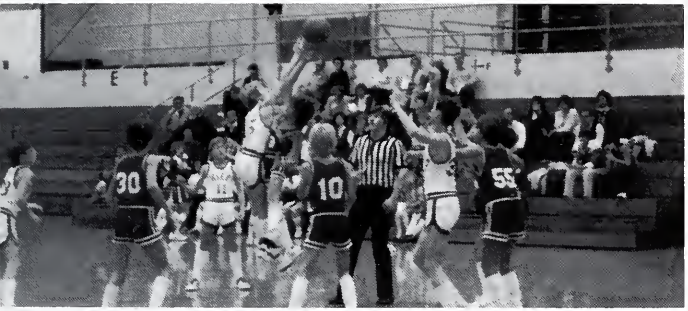
ROW 2: Mark VanSkyock, Chad Janak, Randy Minnich, Matt Pearson, John Laux, Mark Pearson, Brian McGalliard "I HAVE ENJOYED ALL ASPECTS OF THE GAME OVER THE YEARS; PLAYING, SPECTATING, AND COACHING — I WANTED TO TEACH THE GAME TO OTHERS," said Ball State graduate Dave Bergman on his decision to coach basketball. A basketball coach for thirteen years Mr. Bergman feels that a good player must have dedication plus the desire to continually learn. "Team improvement depends on skill development; as fundamentals improve team play improves," says Mr. Bergman.



SEVENTH GRADE
ROW 1: Tom Ferguson, Corby Bubp, Jason Bone, Scott Locker — Mgr. ROW 2: Chad McClung, Brad Mann, Jason McAbee, Chad Rowles, Tom Leonhard, Rusty Inman — Mgr. ROW 3: Aaron Stephen — Mgr., Ryan Wolford, Tony Overton, Jason Ford, Steve Smith, Gary Alexander, David Huey

"FIRST, I LOVE THE GAME; IT IS A GREAT WAY TO ENTERTAIN AND DEVELOP COMMUNITY LOYALITY. SECOND, I LOVE THE COMPETITION, PLANNING, AND STRATEGY OF THE GAME. KIND OF LIKE CHESS WITH ONLY FIVE PLAYERS," reasoned Lea Selvey who is a University of Evansville graduate and Ball State student about his decision to coach the game of basketball. Desire*Ability*Dedication*Academic*Decipline — using this formula (DADAD) for a measure Mr. Selvey expects basketball players to work hard on the fundamentals, recognize play development, and thus improve team performance.
